FOUNDER

Message from the Founder

"Education is the most powerful weapon which you can use to change the world."

Dear Parents, Teachers, and Students,

At Paraguru Public School, our vision has always been to provide quality education that develops responsible citizens for tomorrow. We believe education is the collective spirit of our school community. Each year, we witness incredible innovation and progress.

We are proud of our students' achievements in academics, sports, and cultural activities. This achievement is not just of knowledge, but of values, discipline, and character. May this message inspire everyone to walk our path of excellence.

Mrs. Shil Babbaria Paraguru

Founder, Mrs. Shil Babbaria Paraguru School for Girls (SBPGS)

PRESIDENT

Message from the President

It gives an immense pleasure to present the first edition of our school magazine, *Manohara*. This is not just a publication but a collection of creativity, imagination, and the spirit of learning. The name *Manohara* "to awe and bewitch" beautifully reflects the vision of our institution, where every child is inspired to think beyond boundaries and strive for excellence.

I congratulate the students and teachers for their sincere efforts in bringing this edition to life. May this magazine become a platform that nurtures talent and inspires ongoing school activities, projects, and culture.

Mrs. Dr. Prashita Paraguru

President, SBPGS

Message from the Secretary

The launch of the 10th edition of *Handbook for teachers* represents a milestone in the journey of Padma Shri Public School. A school magazine is much more than printed paper. It is a source of ideas, a reference of creativity and a record of achievements. It inspires, motivates and provides our students with the confidence to express themselves.

Extensive research opportunities for the entire school staff, teachers, and students are being distributed and discussed. My intention continues to enlighten, inspire, and motivate our school community for the good to come.

Hon. Shri. Vikramjeet Pruthi
Secretary, HAPET

Message from the CEO

It is indeed a great pleasure for us to see growth in the activities of our school magazine, *Handbook*. This enables us to improve a new chapter in our continuous effort to nurture holistic education, one that values students as remarkable individuals.

Handbook is not only a reflection of the talent of our students but also a symbol of their confidence, determination, and aspirations. I am certain that this initiative will encourage young minds to think independently, express freely, and participate actively.

My best wishes to the contributors, editorial board, and readers of *Handbook*. May this 10th edition bring new milestones of success.

Hon. Shri. Prateegh Pruthi
CEO, HAPET

"Education is not the filling of a pail, but the lighting of a fire!"

Message from the

Principal

I congratulate the entire staff and appreciate the great effort of every student who has shared their thoughts, passion, ideas, and dreams. Let us continue to spread the light of knowledge and nurture our dreams.

Warm regards,

Acknowledgment

The school's growth is due to the management, principal, teachers, students, and parents. It is our continuous pursuit to provide the best education and nurture the talents of our students.

About Parikrama Public School

Our Motto

Parikrama Public School (affiliated to CBSE) is a new initiative for providing quality education to young children. We focus on holistic education, character building, and skill development. We aim to provide a well-rounded education that prepares students for the challenges of the 21st century.

Our motto is "Education is Liberation". We focus on holistic development through academics, sports, cultural activities, social service, and other extracurriculars.

Our Mission

To provide a holistic education that nurtures the intellectual, emotional, and physical growth of our students, and to foster a love for learning and a sense of responsibility towards society.

Our Vision

To provide a quality education that prepares students for the challenges of the 21st century, and to foster a love for learning and a sense of responsibility towards society.

4. NATIONAL TALENT OLYMPIAD

The Indian Talent Olympiad is one of India's most reputed positions for nurturing talent, sharpening intellect, and inspiring students to achieve their dreams.

Lakshmi Government Engineering Public School has always demonstrated performance in this prestigious competition. Their success reflects their students' excellence, growing interest in competitive exams, and strong commitment to learning. This national-level recognition is a great reward for the Indian talent community, and an applied reflection of all students, teachers, and staff members' hard work and dedication.

Cultural Achievements

Student Shows

The newly updated Student Shows continued to encourage students to showcase their talents with enhanced support and resources. Students from all classes participated enthusiastically in different categories such as singing, dancing, acting, and performing.

Knowledge

Knowledge competitions have provided students with additional practice, interest, and engagement. It brought the entire community together and resulted in a number of the faculty and students taking the most advanced level course offered at the school.

Events

Our virtual community event on 17th January 2023, with great attendance, the new stage with a unique location, professional events, live songs, and activities in three show categories, featured over 200 students and the presence of local dignitaries raised the excitement and interest about the school's vibrant offerings. It was a performance to remember for all.

Annual Play

The school staged the annual play to celebrate the centenary of the founding of the school with great excitement and enthusiasm. The play was performed by the students of the school across all faculties. The students received the highest praise for their performance. The play was a great representation of the school's commitment to quality education, showcasing the talent, creativity, and hard work of our students. It was a great year for all and the school community celebrated the centenary of our school.

Picnic 2024-25

Our Picnic in the Park at the School Grounds

On 17th January 2023, students from the primary to Year 12 of the school participated in a picnic in the park at the school grounds. The picnic was a great opportunity for students to relax and enjoy the outdoors.

Student Shows

The school staged a student show on 17th January 2023, at the school grounds. The student show was a great opportunity for students to showcase their talents and creativity. The show was a great success and the students received the highest praise for their performance.

Health & Fitness

The Department of Health has produced this leaflet, 'How to Stay Healthy', to help you to stay healthy, fit and active. It contains information on how to stay healthy, fit and active, and how to stay healthy, fit and active.

What is Yoga?

Yoga is an ancient practice that combines physical postures, breathing exercises, meditation, and relaxation. It is a holistic practice that aims to improve the mind, body, and spirit. It is a holistic practice that aims to improve the mind, body, and spirit.

Why is Yoga Important for Students?

- Improves focus and concentration.
- Reduces stress and anxiety.
- Improves posture and balance.
- Increases energy and vitality.
- Improves sleep quality.
- Improves overall health and well-being.

Simple Yoga Poses for Students

These are some simple yoga poses that students can try daily.

Mountain Pose	Warrior II Pose
Child's Pose	Triangle Pose
Downward Dog	Seated Forward Bend
Cat-Cow	Supine Twist
Bridge Pose	Legs-Up-The-Wall

Additional Yoga Tips

Remember to breathe deeply and consistently during your practice. Focus on your breath and how it feels as you move through the poses. Consistency is key to seeing the benefits of yoga. Start with a few minutes each day and gradually increase the duration as you become more comfortable with the practice.

Our First Step Drone Technology Workshop

We started the workshop with a theoretical session. We will teach about drone technology, its uses and how to fly a drone. We will also teach about the safety of drone. We will also teach about the safety of drone. We will also teach about the safety of drone.

Then we started the practical session. We will teach about the practical session. We will teach about the practical session. We will teach about the practical session.

In 2022, our focus is to bring bringing the latest technology to the hands of the right age.

Learning, teaching and exploring the latest technology through and creating their own projects, learning by doing.

By doing this, we aim to create children as future leaders in technology like Robotics, AI and Coding. We aim to create children who are ready to face the challenges of the future.

The goal is simple - to ensure that by the year 2030, students are highly skilled, they are already working, creating, and using it to help create jobs beyond the traditional ones.

In 2022, we believe that every child is a bundle of creativity and they need to be given the right environment and resources. When it comes to their parents, teachers, and the institutions, we need to provide them with the right resources for the same.

RAINWATER HARVESTING

A special assembly was organized on 17th August 2019 to create and raise awareness about the importance of Rainwater Harvesting. The assembly started in national anthem about rainwater saving techniques and students were made aware about the water resources in the planet and saving rainwater for better future.

Earth Day

Students and staff celebrated Earth Day with enthusiasm, creativity, and purpose. The special activities centered around the theme 'Protect Our Planet, Inspire Amazing Change' to raise awareness about environmental protection plans.
